

Continuous Learning Packets will be distributed April 8th from 7:00 – 3:50 in the Floyd Schools parking lot. Please refer to the map below, entering the parking lot on the east end and follow the yellow dots until you reach the main office door, much like a drive thru. **Please remain in your vehicle** and you will be waited upon as soon as possible. To accelerate this process, call the school, 575-478-2211, when you are three miles away (the first curve on Hwy 267) and we will prepare for your arrival.

Students who pick-up their packet will earn a participation grade of 100. Teachers will continue to be in contact with you or your students throughout this process to assist in this continuous learning. Please contact the school if your phone number or carrier has changed recently so we can update our records.

A book drop-off bin will be available at the packet pick-up on April 8th. Please return any school issued books, library books, and textbooks at this time. Elementary personal items will be returned April 8th. MS & HS students will need to call the office and arrange a time to pick-up their personal items, but no one will be allowed in the building on April 8th. Floyd Schools is committed to your education, safety, and protection at all times. We are sanitizing and following all Department of Health guidelines during these difficult times. If you are not feeling well, please do not attend the packet pick-up on April 8th. Call the school and we will arrange to accommodate your situation.
